USB 2.0	OFC	64-Braid+Foil +GND	OD 5 .0	Environmental PVC
---------	------------	-----------------------	-------------------	----------------------

- USB 2.0
- OFC
- 64-BARID+FOLL+GND
- OD 5.0

USB 2.0	OFC
64-Barid+Foil+GND	Environmental PVC

⊖ Powered hub optional for high draw

Performance & Guidelines

Throughput: Up to 480 Mbps (Host/Device Dependent)

USB 2.0 High-Speed
Backward-Compatible

Length Tip: ≤ 5 Meters

Passive $\leq 5M$: Good
Active/Repeater $>5M$: Better

Cable Care

AVOID Sharp Bends
 Fully Seat Connectors for Best Stability.

F.A.Q

Frequently asked questions

Does this add speed?

It extends the port; speed remains USB 2.0 (host/device dependent).

How long can I extend passively?

Typically, upto ~5 m uses active extension.

Will it power my device?

Many peripherals work; high-current devices may need a powered hub.
